RENOVATORS NEED TO BUY THIS BEACH BEAUTY!!

This beach home has been owned by the same family since the day it was built and still shows the 80's style inside!!

So much potential being offered here with spacious living, a beautiful stone feature wall that is calling out for the wood fire to be reinstalled, good size kitchen, three bedrooms and combined bathroom / laundry with separate toilet completes the inside!

Heading out side, yes the yard needs a little work but let the imagination run wild here! Storage shed in the back yard is good size, a new fence down one boundary with secure fencing around the other three sides!!

Everyone is jumping on the boat and buying the holiday house, so why not you as well, because this beach home is affordable and there is also furniture included!!
